Chapter 1 by -

What if the world as you know it is only an illusion. A world created by a group unknown to you. Trying to raise the perfect race. Trying, but never creating everything to their liking. Because, there was a flaw in their experiment. They didn't realize the complexity of young minds. They had overlooked curiosity and desire. The curious desire to know, to gain knowledge. To find a purpose in existence...

"Josh, what is wrong with you? It's impossible do that!"

"Amy please, try to understand. I just want an answer - there has to be more to life than... This."

"Why - am I not good enough for you now? I thought you liked me?!"

Josh leaned his head against a tree. He lifted his hands up, and turned towards Amy. "Will you go with me or not? It will be difficult ,and tiring to be sure. Tell me, is our love strong enough to withstand hardships?"

"Oh my gosh. you're actually serious! What makes you so sure there is a center of the earth? Do you really think we are going to magically run into a mad scientist hanging out in the middle of nowhere?"

Amy looked into his eyes. "I'll never leave you Josh."
